

# SX15

## Commercial Carpet Cleaner

The SX15 offers the capability to deep clean carpets and using the optional tool kit the ability to clean smaller areas, stairs and upholstery.

Whether its a large or small area, stairs or upholstery the SX15 is the machine to provide a deep clean. Utilising the power of the solution spray that is agitated deep into the carpet pile by the chevron bristled brush, the SX15 cleans carpets effectively.

The powerful vacuum then removes the solution and dirt from the carpet depositing it into the recovery tank for easy emptying.

The SX15 is easy to keep clean through the removable brush and filter inside the solution tank ensuring your SX15 is kept in optimal condition. The large rear wheels make the machine simple to move either up and down stairs or across uneven surfaces so that where necessary it can be moved easily between buildings. The fold over handle enables the machine to be stored in small cupboards.

The SX15 can be fitted with a hose and wand or upholstery tool for cleaning smaller areas, stairs and upholstery. This option maximises the flexibility of the SX15.

The SX15 has separate solution and recovery tanks to avoid the leaking of dirty recovered material into the clean solution associated with a membrane type tank system. The recovery tank can be easily removed for emptying.

The brush on the SX15 is easy to remove and replace to allow quick cleaning of both the brush and its housing to ensure great results and long machine life.

The SX-15 has a dump hose fitted to the back that allows complete emptying of the solution tank. The solution dump hose also doubles as a solution level indicator.

✓ **Simple, but built to last**

Designed to sustain years of demanding use.

✓ **Easy to Use**

Simple to use single switch and intuitive design.

V-SX15	SX15 Walk Behind Carpet Cleaner

### Key features

**Fold-Over Handle**

The SX15 features a fold over handle, making it easy for under shelf storage or transportation.

**Deep Agitating Brush**

The SX15's agitating brush provides deeper carpet cleaning by agitating deep into the carpet pile with the chevron bristled brush.

**Upholstery Tool**

The SX15 offers the ability to deep spot clean carpets and upholstery with its additional wand.

**Individually Controlled**

All of the SX15's functions are individually controlled to give operators total freedom to clean effectively in any situation.

### Technical Specifications

	V-SX15
Voltage (V)	230
Motor Power (W)	1000
Brush Speed (rpm)	1000
Brush Length (mm)	295
Operating Down Force (kg)	2.2
Waterlift (mm)	2400
Airflow (l/s)	52.8
Noise Level (dBA)	76
Pump (bar / psi)	3.4/50
Weight (kg)	24
Solution Tank Capacity (litres)	15
Recovery Tank Capacity (litres)	15
Cable Length (m)	15
Drying Width (mm)	380
Dimensions (mm)	570x380x710
