

## PRODUCT USE GUIDE FOR CLEENZYM ENZYME DEODORISER E25

### Product Description

An enzyme-based product which rapidly degrades organic material, dispelling odours on contact with urinals, wall tiles, floors, walls, soft furnishings and carpets. Leaves a refreshing vanilla fragrance.

### Product Features

- A pale brown liquid with a pleasant vanilla fragrance designed to remove odours from hard surfaces, WCs, urinals, floors, soft furnishings and carpets.
- This is a natural product. Its colour may vary and a small amount of sediment may be noticed. This is quite usual and does not affect the performance of the product.

### Direction for Use

- Spray product liberally onto source of smell.
- Rub into infected area. The product contains a cleaning agent and should any stubborn stains remain, repeat above action, and agitate with a brush.
- Smells will be noticeably less in one hour. For areas that have smelt for some time, several applications may be required.

### Storage

- Store in cool conditions away from direct sources of heat
- Avoid extremes of temperature
- Do not allow to freeze
- Ensure the cap is tightly fitted after use
- Keep out of reach of children

### Shelf Life

- Shelf life 24 months, if stored as recommended.
- Use within 6 months of opening.

### Environmental

- This product is believed not to be dangerous to the environment with respect to mobility, persistency and degradability, bio-accumulative potential, aquatic toxicity and other data relating to ecotoxicity. However, do not allow large quantities of neat product to enter surface waterways.
- None of the components of this product are animal derived.
